RE: Laser Onychectomy of the Redundant
Epithelium of the Ungual Crest
Serial No.: 09/761,993
Filed: 01/17/2001
Our File No.: YOUNF 100

Dear Ms. Hood:

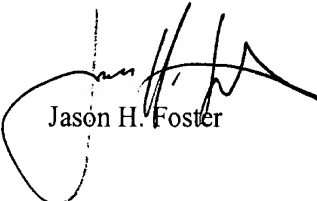

Enclosed please find 16 sheets of color copies that were previously mailed to the U.S. Patent Office with the issue fee for the above patent application.

In our telephone conversation of August 29, 2002, you informed me that due to the irradiation that is used on all incoming mail, the color copies originally submitted had become stuck together and were unusable.

At your suggestion, these copies are being hand-delivered. We request that this application now be processed and the patent issued accordingly.

If you have any further questions, please do not hesitate to contact me.

Sincerely,

Jason H. Foster

JHF/cg
